THE STRENGTH TO TRANSFORM

INFRASTRUCTURE

Large Scale Turnkey Projects

Our determination drove us to start providing building and construction services and today we are offering turnkey professional solutions using innovative products. Such works are carried out making use of the most advanced and complete range of products in line with the client's needs.

All our finishing works are of the highest quality and are carried out within the stipulated time-frames thus overcoming the challenges that come with the projects that we undertake. Such turnkey services include brickwork, plastering, painting, waterproofing, floor solutions, tile laying and gypsum installations.

Our Approach

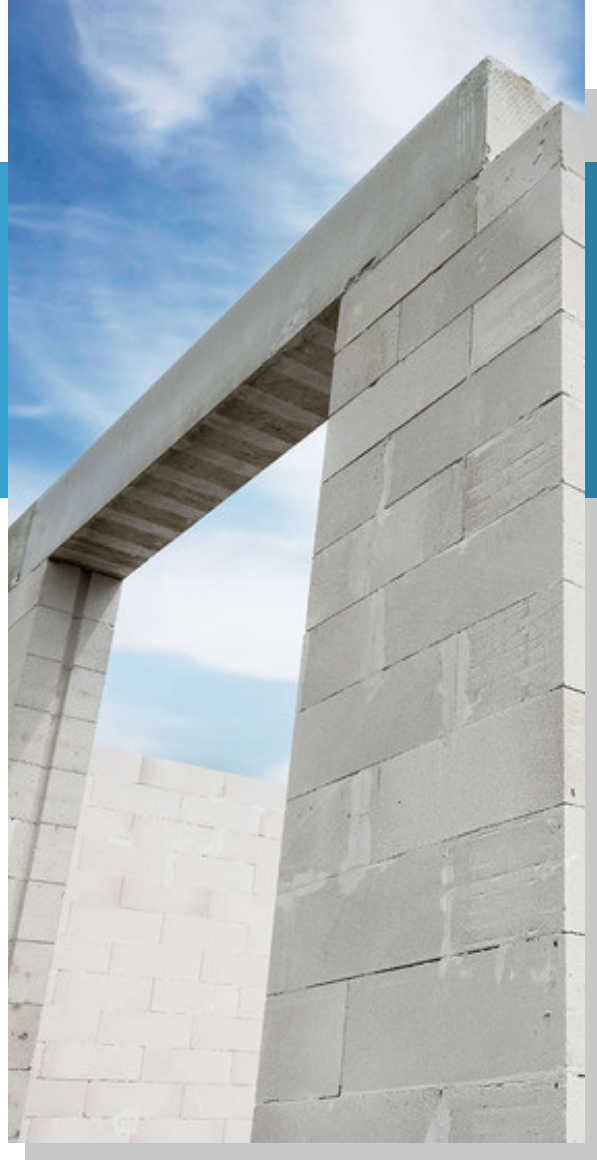

We offer creative and technically mastered solutions from conception until first completion. Our technical expertise provides you with full support during the whole duration of the project.

- MBM Infrastructure remains a family owned organization, run by a small, dedicated and motivated management team.
- Our decisions are based on social responsibility with full commitment for sustainability of the environment.

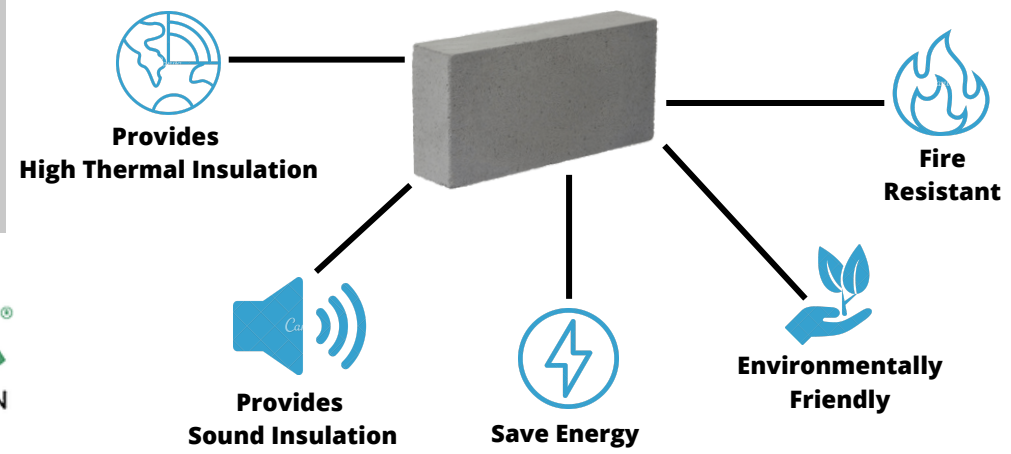

- Whatever your project, we can provide you with the best solution for your specific needs.
- We are supplied only by trusted brands and therefore you can rest assured of reliable building products when you buy from MBM.
- Our prices are competitive and fair. There are no surprise bills. Any unexpected or additional expenses must be pre-approved by you.
- We have 15 years of experience in the sector with our team being exposed to new challenges every day.

INFRASTRUCTURE

Brickwork

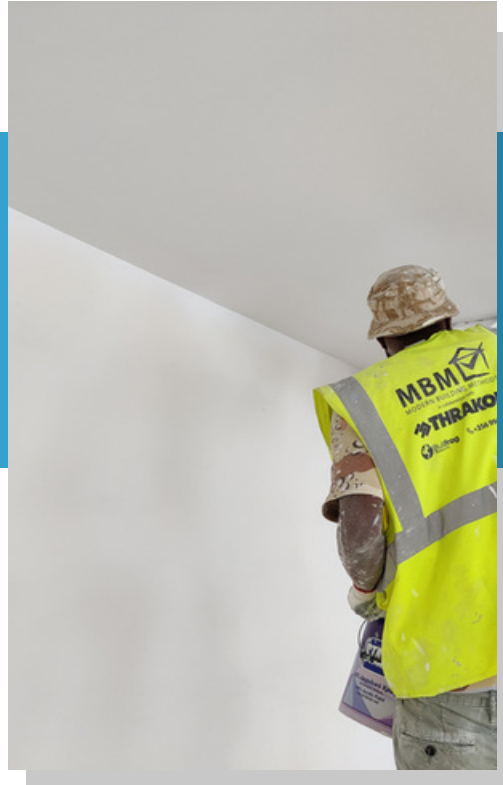

AAC blocks are made from fine aggregates, cement and an expansion agent whilst incorporating more than 80% of air. These components can be used for walls, floors, and roofs. The lightweight material offers excellent sound and thermal insulation, and like all cement-based materials, is strong and fire resistant.

⋮ **Plastering**

MBM Infrastructure manages all aspects of domestic and commercial rendering and plastering services. We deliver the best product quality and finishing service. Our high-quality products are suitable for different conditions so we will always find a solution for you.

MBM

INFRASTRUCTURE

Paints and Coatings

We are specialists in the application of painting solutions and wall coating systems whilst providing a high end finishing still. We offer an array of paints for making our daily lives more colorful protecting our living spaces.

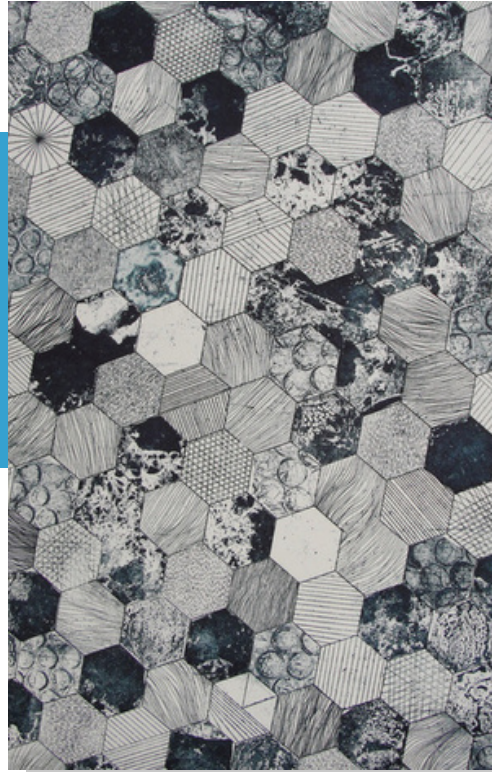

● Thermal Insulation

We supply and install a wide range of thermal insulation materials. We offer high-profile materials and optimised insulation. Our unrivaled technical expertise allows us to come up with practical solutions and we are in a position to recommend the best products for your project or existing building.

Durable. Versatile. Resistant. Our EPS, Mineral-Wool and XPS solutions offer high performing insulation, entrusted by professionals to provide superior insulation and moisture resistance.

Tiling :

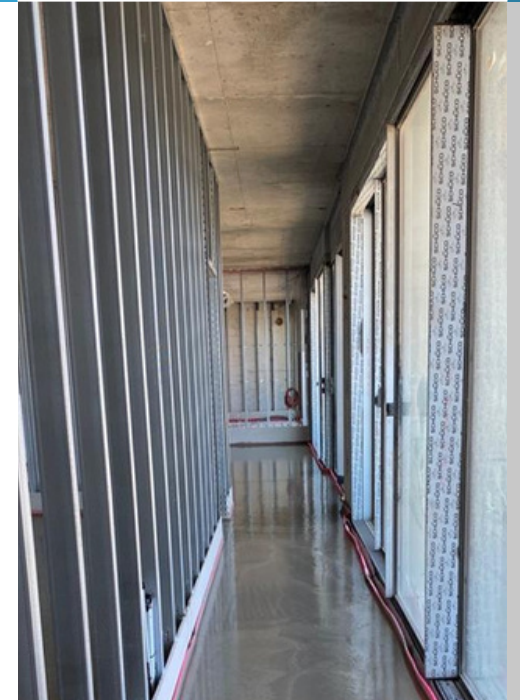

We provide interior and exterior tiling services for homes – building a reputation by delivering tailored tiling solutions that exceed expectations. With 15 years of experience, we have developed an expert understanding of all aspects of commercial tiling.

The logo for THRAKON, featuring a stylized red and white geometric shape to the left of the word "THRAKON" in a bold, white, sans-serif font on a dark blue background.The logo for LITOKOL, featuring the word "LITOKOL" in a bold, red, sans-serif font with a registered trademark symbol. Below it, the tagline "HI-PERFORMANCE BUILDING PRODUCTS" is written in a smaller, black, sans-serif font.The logo for RAK CERAMICS, featuring the word "RAK" in a large, bold, black, sans-serif font. Below it, the word "CERAMICS" is written in a smaller, black, sans-serif font.The logo for EHL, featuring the letters "EHL" in a bold, black, sans-serif font. To the right of the letters is a solid green square.

⋮ Flooring

We are experts in any flooring systems, this being industrial, decorative or screed, our level of expertise enables us to provide you with the highest standards of flooring.

Trust the MBM floor experts to help you choose a sub-floor or the finish floor system, all expertly applied.

**Decorative Flooring • Car Park Decking • Raised Flooring • Industrial Flooring
PU Flooring • Screeds • Epoxy or Coating Flooring • Self Leveling • Floor Signage**

Waterproofing

Delivering the highest quality of waterproofing solutions is at the heart of everything we do. No matter the size or location of a project, we strive to exceed our clients' expectations and ensure we use the right waterproofing system for them.

INFRASTRUCTURE

Gypsum Works

We are one of the leading installers of gypsum-based building materials in Malta. We sell and install plasterboard, finishes, metal sections, flooring, external renders, insulating laminates, drywall accessories and more.

After 15 years in the market, MBM is recognized as a key player in Malta's dynamic building materials industry, supplying innovative walls and ceiling products to the new construction and repair and remodel markets of the residential, commercial, industrial sectors.
